

CARAMBA RANGE OF AEROSOLS

Caramba

A glance and ready to go: Caramba products have been valued by users for many decades. Caramba has been a generic term in Germany for Multioils for a very long time. From the core product multifunctional oil we have to the present day developed a wide range of products under the Caramba brand for care, maintenance and clearing applications in all areas, whether in industry, the workshop or home and hobby.

Caramba's investments in research & development are an investment in the quality of their products which are now available to the SOUTH AFRICAN market courtesy of TSE Big Max cc.
